

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

We hope that everyone read Kathryn Duff's "Page One" column in the Abilene Reporter-News Friday morning. It was one of her best and one that the whole nation would be better off by reading.

In case you missed it, Miss Duff suggested a national Day of Reflection. A day for some quiet moments to contemplate what is happening to us all. "Why not, just for a short while," she wrote, "let experts cease expertising, prophets recess prophesying, commentators withhold comment, agitators pause in agitation, pundits silence their pronouncements?"

"Why not a calm interlude, a lull in which 'we, the people' can stop to think, to exercise our native common sense, to ponder on current events and their meanings?" she asks.

She suggests that we all know about the happenings of those emotion-packed days from Sunday, Mar. 31, through Tuesday, Apr. 9 as they have been reported in full detail.

But she wonders if we understand them. She says they have been explained in torrents of oral and written language, and suspects that the explanations will go on and on. But, she asks, "understanding?"

We are blessed in this day and age with instant communication that brings us news as it happens which as long as it is accurate is wonderful. But we go along with Miss Duff in questioning the wisdom of instant interpretation.

She wrote, "Instant interpretation is, however, dangerous. It is hazardous, for all the facts may not be at hand. It can be unreliable, for timing requires it be made on the basis of preconceived notions. It may or may not be right for the spur of the moment is robbed of perspective."

Miss Duff points out, and we agree, that one of the major problems this has created is the phenomenon called "polarization of opinion," concentration about opposing extremes.

"People who feel strongly one way are gathering over there on that end and those who take the opposite view are gathering over yonder and both sides gird for battle."

There seems to be no middle ground, everyone seems to think that only their view is right and everyone else is wrong. A continuation of this point of view can make an armed camp of our nation and be its downfall.

So maybe, as she suggests, we do need a national Day of Reflection, a day for quiet, common sense to take over, a day to catch up with ourselves?

Every spring seems to bring a plague of door to door salesmen across the country and Hamlin does not get missed very often. These peddlers range from magazine salesmen to pest control companies. With a whole assortment of companies represented in between.

Many of these may provide needed services for our citizens but too often they are just out to make a fast buck off of an unsuspecting customer.

The City has an ordinance designed to protect its citizens from the unscrupulous one. The ordinance requires a three-day waiting period in order that the backgrounds of these people can be investigated and in some cases a bond is required.

This ordinance is designed for the protection of the public and is not intended to discriminate against local people engaged in legitimate business.

Bryan Wasson, Chief of Police, recommends that you call the Police Department to learn if the salesman calling on you and the company he represents is registered with the City. He also says that he has reason to believe that some of these organizations working in the area have salesmen with criminal records working for them.

There also is an ordinance making it unlawful for a salesman not to leave your premises when asked to do so.

If you think your auto costs were high, try England's — annual license fee, \$60; auto sales tax, 33 1/3%; gasoline, 69 cents a gallon.

BAND CONCERT SOLOISTS — Presenting solos during the annual spring concert at 7:30 p.m. Tuesday will be Jim Jones, band director, trumpet, in "Sugar and Spice"; Janet Carson, vocalist, in "Lulu Belle"; and Jayne Carol Turner,

pico, in "Stars and Stripes Forever." Tickets at 75c per person are now on sale from any band member or may be purchased at the door. All Hamlin bands will take part in the concert.

CITY HAS TEMPORARY PLAN

Mayor Appoints Committee To Plan City Warning System

With approach of the peak tornado season in this area, Hamlin Mayor Hollis Madden this week appointed a committee to prepare a Severe Weather and Civil Defense plan for the City of Hamlin.

Named to the committee were Chief of Police Bryan Wasson, Fire Chief Ed Branscum, General Supt. Bill Rountree and Jerry Pritchard, president of the Air Ways Citizens Band Radio Club.

Upon completion of the proposed plan, it will be submitted to the City Council for approval. Since the Severe Weather warning system is not likely to be ready before the present tornado season, a temporary emergency plan has been adopted by Chief Wasson.

The local police department will be notified via radio by the Abilene District Office of the Department of Public Safety of impending severe weather in our area. In addition, arrangements have been made with the U. S. Weather Bureau in Abilene to notify the local department by telephone of any suspicious clouds in our area which are picked up on their radar.

Oil Changers, Solid Rocks Win Tourney

The Oil Changers in the men's division, sponsored by Oliver Oil Company; and the Solid Rocks, in the women's division, sponsored by Farmers and Merchants National Bank, were winners in the Jaycee Volleyball tournament last weekend.

Other winners in the men's division were the Palbearers, sponsored by Foster's Funeral Home, second; and Mac's Masters, sponsored by Mac's Supermarket, consolation.

In the women's division, the Girl Wonders, sponsored by Wards Catalog Agency, won second and the Bonnies, sponsored by the Blue Bonnet Cafe, won consolation.

The Hamlin Jaycees expressed their appreciation to the community for their following and participation during the tournament, especially those who sponsored teams and those who participated in any way.

Singing Sunday

The Jones County Third Sunday Singing will be held at 2 p.m. in Foursquare Gospel Church.

Everyone is invited.

CITY TO TEST BAD WEATHER ALARM FRIDAY

The Hamlin Severe Weather Warning System will be tested Friday afternoon at 3 p.m., according to Police Chief Bryan Wasson. The alarm, located on the First Baptist Church, will be turned on and left on long enough to determine that it is in working order.

Chief Wasson stated that this is a test of the alarm system only and is not a test of emergency procedures.

In the event of a Tornado Alert for our area, the Police Department will activate the severe weather warning system located on top of the First Baptist Church.

With regard to the tornado season, C. O. Layne, State Coordinator of Defense and Disaster Relief for the Texas Department of Public Safety, has issued the following information on tornadoes in Texas.

"Statistics from the United States Weather Bureau's State Climatologist indicate that Texas again led the nation in total tornadoes last year, with an all time record of 232," Layne said. The 1967

Grant Jones Makes Bid for Legislature

Grant Jones announced his campaign for election as State Representative, District 62, composed of Taylor and Jones Counties, Place 1. Currently, Jones is serving his second term from Taylor County.

"I promise to seek all information available on the issues and problems that will confront the Texas Legislature in order for my actions to serve the best interests of all the people in the District and Texas," Jones said. "Texas

Clean-Up Week To Start Apr. 22

The annual spring Clean-Up Week has been set for Hamlin, the week of April 22 through May 4, according to a proclamation issued by Mayor H. W. Madden. The Hamlin Jaycees have volunteered to assist in the clean-up by furnishing labor and pickups when called upon.

Citizens are asked to place their trash in the alleys before May 6 so that the city trucks can haul the accumulation to the dump grounds, starting that morning. The City has asked that nothing be put in the alley that is not to be picked up.

In issuing his proclamation, Mayor Madden stated, "Whereas, cleanliness of our City contributes to the health and well being of the people of our town; and whereas much of the spreading of disease is contributed to the fly and mosquito, and filth and trash provide breeding places for these pests

"Whereas, the officials of the City of Hamlin recognize the importance of cleanliness and its importance to health

and beauty of our city; therefore, the cooperation of every man, woman and child is necessary to combat these insects successfully . . ."

In offering their assistance in the clean-up drive, the Jaycees have agreed to help clean-up vacant lots and other places needing extra labor

when requested, according to Ewell Mackey, president. Mackey stated they are willing to help in the drive but only when someone requests their services.

Anyone desiring the help of the Jaycees is requested to contact Mackey or Skipper Smith.

Tag Day, Open House To Mark Library Week

Library Week in Texas, April 21-27, proclaimed recently by Governor John Connally, will be observed in Hamlin with a citywide Tag Day, Wednesday, Apr. 24 and

a tea and open house Sunday, Apr. 28, at Harden Memorial Library.

The local library is solely supported by contributions, memorial gifts, and money raised by the Hamlin Woman's Forum. With the Tag Day Wednesday, the women of the Forum will be actively seeking support of the Library to continue their efforts in upgrading the local facility.

The finance committee of the Forum is making plans for the fund raising drive. Several stations will be set up in various businesses. Members of the committee are Mrs. Bob Craig, Mrs. L. C. Bonds and Mrs. Floyd Clifton. A number of women will be helping with the project.

The tea and open house from 2 to 4 p.m. will enable the townspeople to see the work that has been done to the library and will also honor all the presidents of the clubs that make up the Forum. The club presidents and the Forum president, Mrs. Jack Vaughan, will be in the receiving line.

Theme for the 1968 National Library Week program is "Be All You Can Be — Read!"

Burnia Reid Seeks Support In Election Bid

Burnia Reid has issued his formal statement in seeking the office of County Commissioner for Precinct 1, Jones County.

His statement follows: On behalf of my candidacy for the office of County Commissioner for Precinct 1, I would like to say that, if elected, I am going to give my fullest attention to this position. —Continued on page 5

Announcing Chevrolet's new Torque-Drive.

Nobody else offers anything like it at the price.

Torque-Drive does away with the clutch pedal. Most of the shifting, too. And for the most economy, it's available exclusively on all Camaro sixes and Chevy II Nova 4- and 6-cylinder models.

Look how simple it is. You accelerate in 1st, then shift to Hi for cruising. That's all. If you like, you can even start in Hi, and accelerate from standstill to cruising speed. It's just a little slower that way.

The shift lever is conveniently located on the steering column, and there's a selector quadrant with easy-to-read indications. Park-R-N-Hi-1st. Only your Chevrolet dealer has it—clutchless driving at only \$68.65.

Cong. Burleson Protests House Action On Civil Rights Legislation

WASHINGTON, D. C. — The following is a short speech made on the floor of the House of Representatives preceding the consideration of the Civil Rights Bill passed by the House of Representatives last week.

"Mr. Burleson, Mr. Speaker, obviously the House is proceeding today under sensitive circumstances. Frankly in my opinion we should not be in session at all and specifically, we should not be considering the legislation before us under prevailing conditions.

"There is not a Member here who would not assume that I am opposed to the pending bill but let me say to those of you who support it that you would do well for the country to wait for a more sober and a more calm atmosphere to act than is the obvious case at the present time.

"I think if I were for this so-called civil rights bill, with its open housing feature, I would not want to cast my vote for it while soldiers and marines are having to stand guard in front of this Capitol. I resent threats of force and duress in anything and if I had to legislate under such conditions I would walk out of this Chamber and not return.

"There is a way to honorably and with courage meet this issue, since apparently it is going to be acted on within the next hour or so. That is, to send this measure to conference with the Senate. Let differences between the House and Senate bills be resolved and brought to each body for approval or disapproval under more calm circumstances.

"This matter has no deadline except the threats of these groups who look for any excuse to riot and demonstrate. If it is not this, it likely will be something else. When the drums call they will be there and it is high time we challenge the drummer.

"It is a sad commentary on this Congress if it yields to the pressure of the moment. I for one had rather yield my seat in this House than to do so."

The results of this legislation referred to is now well-known to everyone from press reports.

As one who has always taken pride in the House of Representatives of the Congress as the greatest deliberative body in the world, there is reason today to be ashamed of its actions. The shame is not only the results of the vote but also because the

House legislated under pressures and threats wholly and completely un-American.

On the vote, 89 Democrats and 106 Republicans stood firm against approval. 152 Democrats and 77 Republicans voted to pass the Bill. As a part of the influences under which this legislation should not have been considered was the fact that flags all over the Nation were flying at half-mast for a man who had never held any official position and the Presidential Proclamation ordering the action was without precedent.

The flags were not ordered lowered for Travis Crow, age 19 of Tallahassee, Florida, who was burned to death defending his father's small grocery store. The only use of the flag for a boy killed in Vietnam is to cover his casket. Travis Crow and the boy shipped back from Vietnam have not said they would obey only the laws which they thought good and disobey those which in their opinion were bad.

A Music Workers Conference will be held at First Baptist Church Monday for all churches in the Jones County Association. The youth choir will sing. Choirs, ensembles, from churches in the area will be participating.

SUNDAY MORNING...

What a wonderful day... what a wonderful time. This is a time to be happy... this is a time of joy... this is a time to worship the Lord in His house. This is a time for all of the family to enjoy being together. Today, the sun shines bright... next Sunday it may rain, but all are days of joy for this is the day to be with the Lord in His house.

"I was glad when they said unto me,
Let us go into the house of the Lord."

Psalm 122:1-10

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

CELOTEX GIVEN SPECIAL TROPHY — D. W. Cowan, manager of the Hamlin Plant of the Celotex Corporation, receives a special trophy at a dinner recently from M. M. Hambrick, left, vice president in production from the home office in Tampa, Fla. The annual award is made by the Gypsum Association to the plant for the best safety record for the preceding year. Members of the safety committee are, left to right A. M.

Bond, L. E. Madden, M. B. Harmon, D. D. Donham, V. M. Wallace, C. R. Schubert, and F. C. Briscoe. The award for the year of 1967 was in competition with 27 other plants. The local plant recorded no loss time accidents during the year. They also had the most man hours. This is the first time for a Celotex plant to win this award.

Neinda Philosopher Knows Why De Gaulle Is Mad; Also Wants Search for Intelligence In Space

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One reports on a few items he has run across lately.

Dear editor:

I brushed the ants off a copy of the Sunday issue of The Reporter-News which somebody had used to wrap up a picnic lunch they ate on the roadside near this Johnson grass farm yesterday and after reading it I've come up with a few items I'd like to report on.

First, I've found out why President De Gaulle is mad at the United States. France still owes us 7 billion dollars in World War I debts, and it's one of the quirks of hu-

man nature that when somebody owes you and can't or won't pay, he gets mad at you, whereas you'd think it rightfully would be the other way around. This explains everything. You figure up what the principal and interest on 7 billion dollars for 50 years come to and you can see De Gaulle is so mad it's all he can do to keep from coming over here and thrashing us within an inch of our life.

Also, I notice that Europeans are denouncing us because we're pulling out a lot of our troops stationed there since World War II to help protect them at our expense. Let's see, how many troops did those nations send to help us in Viet Nam? How much money did they contribute?

And finally, over on an inside page, I read that radio monitoring stations lately have been picking up strange signals from far out in space, which some scientists believe may be coming from intelligent creatures from somewhere in the vastness of the boundless universe.

On this theory, the scientists want more money to finance

a continuing and expanded search for intelligent life somewhere out there.

I say let them have the money. Who knows, somewhere out there on some other planet they may indeed someday find some intelligent life. It's worth a try. Up to now, they haven't been able to find any on this planet.

Yours faithfully,
J. A.

Christian Athletes To Meet Monday Night In Snyder

The Snyder Chapter and Huddle of the Fellowship of Christian Athletes is sponsoring an area F. C. A. rally on Monday night, Apr. 22. The rally will be held in the spacious new Scurry County Cloiseum and will have as its theme "The Life That Wins."

Coach Tom Landry of the Dallas Cowboys will be featured on the program scheduled to begin at 7:30 p.m. Other out of town program personalities include Coach Grant Teaff of Texas Tech, former All American and pro-football player Jack Spikes, singing evangelist Eddie Nicholson of Lubbock, Coach Truman Nix of Colorado City, and Coach Donald Jay from Lamesa. The latter two presently serve as president and vice president of the Texas High School Coaches Association.

Area Youths Ride In FFA Rodeo

Steve and Cheryl Gibson, Jimmie Lou and Charlie Bishop, all of Hamlin; Mike Jones, Johnny Ledson, both of Aspermont, and David Hammock of Roby, entered the FFA Rodeo at Granbury over the weekend. They made up a team representing Hamlin.

They received two first place trophies. Cheryl won the barrel race with 15.7. Steve, Mike and Johnny won the steer saddling. David won fourth in saddle bronc, making the team place third in school totals.

About 20 schools were represented and the rodeo is governed by interscholastic rules.

Former Resident Dies In Dallas

Raymond Berry of Mesquite, a former Hamlin resident, died Friday. He was the nephew of the late Joe B. Miller, longtime resident of Hamlin.

Services were held Monday in Dallas. Mr. and Mrs. A. G. Miller and Dwayne attended from Hamlin.

Week's Rainfall

Rainfall recorded Friday, Apr. 12, was .29 at City Pump Station.

The First Baptist Church Carol Choir will go to Big Spring Saturday to take part in the State Junior Choir Festival. They will leave at 7 a.m.

My home is
ALL ELECTRIC!

Chickens need to be warm in winter and cool in summer which calls for "all electric" chicken houses. Electric heating in the brooder house in winter months is clean and safe. Electric fans in the hot summer months keeps the air circulating and keep appetites hearty. Later on, electric lights will wake these future fryers early and keep them eating later toward a faster more tender maturity. By furnishing low-cost dependable electric power, the member-owned MIDWEST ELECTRIC CO-OPERATIVE has made many commercial and industrial pursuits feasible for rural areas that once were impossible.

The Midwest Electric Cooperative is thus strengthening the rural economy... helping provide more jobs in the rural areas and Helping Texas Grow.

West Texas Press Association Offering \$800 Scholarship

West Texas Press Association is looking for another winner in its \$800 newspaper scholarship contest.

Applications in the 1968 contest will be received from high school seniors until May 10, Ed Wischamper of Abilene, chairman of the scholarship committee, has announced.

Applications should be sent to Ed Wischamper, editor of the Abilene Reporter-News, Abilene, Texas 79604. Announcement of the winner will be made by June 10.

West Texas Press Association, which started the newspaper scholarship in 1956, has four students in college this year. One will graduate this spring.

Rules for the scholarship contest have been mailed to high school principals and to newspaper editors or publishers of the West Texas Press Association area towns, who will be glad to help with the necessary application details.

Interested students should talk with their principal or

editor and start immediately to prepare the application.

All applicants must be in the upper 25 percent of their class, must have demonstrated ability in newspaper journalism and a desire for a newspaper career.

The winner will receive \$200 per year (\$100 per semester) for each of the four years of college, providing satisfactory academic requirements are met.

Ten West Texas Colleges and universities have been designated for scholarship winners by WTPA. These are Abilene Christian College, Angelo State College, Hardin-Simmons University, Howard Payne College, Midwestern University, Sul Ross College, Texas Tech, University of Texas at El Paso, Wayland College and West Texas State University.

JONES—

—Continued from page 1

is in a period of transition from a rural-agricultural economy to an urban-industrial economy. It is a time for seeking the answers to many problems. Basically, how can the various levels of government be of the greatest service to the people?"

Jones continued, "All levels of government services are increasing. State government is the largest business in our state and needs those public servants who will be constructive and responsible with mature judgement and actions."

During his two terms as State Representative, Jones has served on the Constitutional Amendments, Liquor Regulation, Labor, Banks and Banking, State Affairs, Livestock and Stock Raising, Privilege, Suffrage and Election Committees, and is currently Vice Chairman of the Insurance Committee. He has been appointed to serve on the important Legislative Council, and currently is serving on sub-committees studying the various problems of state government and problems of the people of Texas.

Grant Jones is a native Taylor Countyman, graduated from Abilene High School, Southern Methodist University, and completed graduate work at Wharton School of Finance and Commerce, the business school of the University of Pennsylvania and was awarded a Masters of Business Administration from Wharton in June 1948.

He was a pilot in the Air Force during World War II serving in Italy and Brazil. Jones has been active in local civic affairs, has taught classes at McMurry College, is active in St. Paul Metho-

dist Church and is a partner in Abtex Insurance Company.

In August 1948, Jones and Anne Smith of Dallas were married. They have two children, a son, Andrew, who is a college freshman and a daughter, Janet, in the ninth grade.

Both are students at Sul Ross.

Mrs. Johnson attended the wedding.

Fiesta Island, the HemisFair funland around the base of the Tower of the Americas, includes two dozen assorted rides.

Area-Wide Cotton Meeting Set In Stamford Tonight At 7:30

A cotton meeting of Area importance will be held in Stamford at the High School Auditorium, tonight, (Thursday) beginning at 7:30 p.m. The meeting sponsored by Stamford Electric Cooperative will feature three speakers who are well known in their respective fields of fiber research, plant breeding, and cotton marketing.

According to Charles Stenholm, assistant manager of Stamford Electric Cooperative, "the purpose of this meeting is to give Area Farmers the opportunity to hear and see some of the work going on to keep the cotton industry alive and prosperous in the Rolling Plains of Texas. Farmers in the next few years will be asked to make many critical decisions regarding cotton and the many activities that go into growing, harvesting, and selling the final product. In order that we can make the

right decisions we must avail ourselves of every opportunity to learn about new and modern techniques to better assure ourselves of making the right decisions," continued Stenholm.

Speakers for the evening will be Harry Arthur, assistant director of The Textile Research Center at Texas Technological College in Lubbock. Mr. Arthur has been in the cotton industry for some twenty years the last seven of which have been at Texas Tech, where he has been in charge of a number of spinning contracts involving different ginning, harvesting, and insecticide treatments as related to fiber properties, processing, and spinning performance. He will talk about these and other activities of the Center pertaining to the spinning of cotton.

Dr. Levon L. Ray, nationally known plant breeder from the

South Plains Research and Extension Center, will be the second speaker and his talk will cover his work in the development of cotton varieties as well as discussion of some of the varieties available for planting this year. Dr. Ray has been employed at the Center for 19 years during which he has been personally responsible for many improvements in cotton quality through variety improvement.

The last speaker will be Dan Davis, general manager of the 29,000 farmer member Plains Cotton Cooperative Association, a position he has held since 1965. During this period, the cooperative has risen from a small, obscure beginning to a position of dominance among handlers of American cotton. The cooperative's growth is attributable to pioneering efforts in the field of fiber testing, application of electronic computers to cotton merchandising problems and the development of new sales techniques to secure world-wide markets. Mr. Davis will talk primarily of the work of his Association in the area of instrument evaluation of cotton.

Following the formal presentations a question and answer session will be held and discussion of planting dates for 1968 will be held. Every cotton farmer in the area is urged to attend this highly informational meeting.

Commissioners Set Hearings On Tax Property

Jones County commissioners court last week set April 30 as date to check the quarterly report of the treasurer and June 18 for setting an equalization board on oil and gas valuations.

Hearings on other properties will be held June 20.

A new compressor for the air conditioner in the court house was purchased. One being replaced is more than 10 years old.

A letter to the refinery at Lueders was authorized, protesting dumping of waste material in Cottonwood Creek or the Clear Fork of the Brazos. Some criticism had been voiced by downstream land owners.

A request from Abilene that a constable be employed for duty on Lake Fort Phantom Hill was passed over.

A tour of the welfare building or court house annex was made and the work was accepted. Some offices are now being occupied.

Bill Kecks to Work In Calif. Crusade

Mr. and Mrs. Bill Keck will leave Apr. 4 for California to participate in the statewide California Encounter Crusade. They will be in revival Apr. 28-May 5 in the First Southern Baptist Church at Firebaugh, Calif.

Mr. Keck will be in charge of the music and Mrs. Keck will be the pianist.
